## How it works

### Sign Up

Call us at 705-246-0036 and we will fill out the intake & assessment forms.

### Book a ride

Call the Centre at least 3 days in advance and have the following information on hand:

- where you need to go
- the time of your appointment
- any additional stops
- any specific requirements

We will find an available driver and confirm with you to know when you will be picked up and who to expect as a driver.

### Invoicing

The Centre will keep track of your usage and invoices will be sent out at the end of each month. To determine if you are eligible for a lower rate you can provide a copy of your household's Taxable Income.
