Mayor B. West read Public Meeting Script

Clerk confirmed that Algoma Public Health submitted a letter – no opposition to the Zoning Amendment.

Chris Jones (Township Planner) gave an overview of the application to amend Municipal Zoning By-law 2013-13 to allow for fabricating and selling small buildings and structures such as garden sheds at #5840 Government Road (Martin, M).

Concerns noted:

- a) Certain members of the public not being notified regarding the zoning amendment; Clerk confirmed that depending on the type of planning application, landowners within 60 or 120 metres of the property that the proposed planning application is for, receives a notice.
- b) Increased truck traffic destroying rural roads; it was noted whether it's a rural dairy farm, wine production, or chicken farm, that the ½ load road limits are applicable.
- c) Small driveway entrance: RWF confirmed a 60' wide entrance is planned.
- d) Location of workshop; due to the topography, and further plans for the agricultural land, the building is proposed between the house the roadway.
- e) Encroaching on the powerline setback; C. Jones noted the building setbacks per the by-law are normally not a problem.

COA 1 Zoning By-Law Amendment Application - Martin, Marcus (#5840 Government Rd.) – deferred

C. Jones to draft by-law; council consensus to allow the building as proposed.
